Submission Deadline
September 20, 2017

 Engineering Village

Université
de Valenciennes
et du Hainaut-Cambrésis

2018 4th International Conference on Mechatronics and Robotics Engineering
University of Valenciennes, Valenciennes, France | February 7-11, 2018

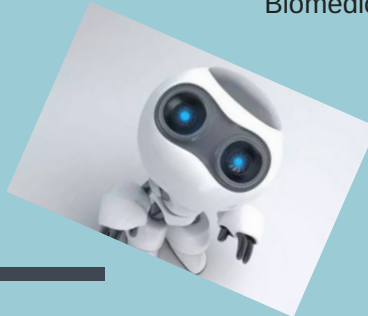

Mobile robotics
Mining robotics
Cellular Manufacturing
Agile Manufacturing
Concurrent Engineering
Sensor development
Sensors and Applications
Distributed Control Systems
Flexible Manufacturing Systems
FMS Artificial Intelligence
Humanoid robots, service robots
Lean Manufacturing Logistics
Machine Vision
Management of Technology
Manufacturing
Rapid Prototype
Operations Management
Rescue, hazardous environments
Modeling and Simulation Scheduling

TOPICS

Robot intelligence and learning
Robot vision and audition
Robots and Automation
Mechanical Systems Engineering
Robotics and Mechanical Engineering
Design for Manufacture and Assembly
Sensor design, sensor fusion, sensor networks
Sustainability, energy conservation, ecology
Universal design and services, ubiquitous robots and devices
Human-robot interaction, semi-autonomous systems, telerobotics
Nano/micro systems and applications, biological and medical applications
Navigation, localization, manipulation
Actuator design, robotic mechanisms and design, robot kinematics and dynamics
Agriculture, construction, industrial automation, manufacturing process
Automation and control systems, middleware
Biomedical and rehabilitation engineering, welfare robotics and mechatronics

SPEAKERS

- 1) Prof. Dan Zhang
York University, Canada
- 2) Prof. Ian Walker
Clemson University, USA | IEEE Fellow
- 3) Prof. Farouk Yalaoui
Université de Technologie de Troyes, France
- 4) Prof. Norbert Krüger
University of Southern Denmark, Denmark

PUBLICATION

The accepted and registered ones will be published in the conference proceedings, which will be indexed by **Ei compendex, scopus etc**
